17) Additional accommodation has to be provided for offices in Shimoga, & in that case I think it is a good idea to local all the Courts together in a new building. The Chief Engineer may be requested to forward proposals with preliminary estimate of cost in consultation with the D.C & D.J Shimoga.

19) There will be a very costly business. The Law courts are now provided with accommodation at Shimoga - what is wanted is a building to accommodate a few pleaders newly created at that place - The cost of such a building may will be quite moderate, but a building to accommodate all the Law Courts will cost Lakhs of rupees. More over, the accommodation

S i r,

In continuation of this office D_2 Dis. No. 230 of 1919-20, dated the 9th August 1919, forwarding notes of inspection of the court of the District and Sessions Judge of Shimoga, I am directed to forward herewith for the consideration of Government copy of letter No. 1099/165, dated the 3rd October 1919, from that officer making an alternative proposal that a fresh block of buildings solely for all the law courts in Shimoga, instead of a separate building for the Revenue Offices in the District, may be constructed and to state that the Judges agree with the proposal.

REGISTRAR.

N.G.

Letter No. 1099/165, dated 3rd October 1919, from the District Judge of Shimoga, to the Registrar of the Chief Court of Mysore, Bangalore.

With reference to the observations made in the Inspection Notes of this Court, dated 18th June 1919, at typed page 34, para 2, regarding the extension of the Court-hall, I have the honour to state that a reference has been made to the Deputy Commissioner of this District on 7th July 1919, pointing out the necessary alteration.

The Deputy Commissioner has placed the matter in the hands of the Executive Engineer but no reply has been received from the latter yet.

As I understand that a separate building is going to be erected for some of the Revenue offices in this District and that an estimate has been sanctioned for the purpose, I wish to suggest that the buildings now occupied by the District Court, Subordinate Judge's Court and the Munsiff's Court may be made over to the Revenue Department and that a new building may be erected to locate all the law courts of the District.

The Deputy Commissioner agrees with this idea and probably has made a reference to the Government. The model of the new building may be the same as that in Mysore, but a storey may be built up on the middle block so that the District Judge's Court may be located in it with the Subordinate Judge's Court on the ground floor and the Munsiff and the Special Magistrate at each wing.

The Government may require all the portions occupied by the Civil Courts now for the various offices that are now held in rented buildings.

If the Chief Court agrees with this proposal, I request that a reference may be made to the Government before they commence to erect the buildings now sanctioned.

Sd/- B. Subbanna,
District Judge.
